Re: Fresno River Riparian & Senior Appropriative Rights Holders Land Crop Report and Map

Dear Riparian & Senior Appropriative Right Holders:

This letter serves as a reminder that Fresno River Riparian landowners are required to annually submit a crop pattern, acreage map, and diversion capacities to Madera Irrigation District.

This information should include:

- Acreage
- Crop type
- Irrigation type (drip, micro sprinklers, or surface)
- Cover-crop (if applicable)

This information must be received by the District no later than 4:00 PM on Friday, December 18, 2014. If the data requested is not provided by the deadline, the District will assume that the Riparian and/or Senior Right Holder will not be diverting Fresno River flows for this coming year and entitlements will not be calculated for those landowners.

The District reserves the right to visually inspect the subject property, either on the ground or via satellite imagery, and to compare each parcels cropping that is submitted.

Please direct your information and any questions to Jennifer Furstenburg at (559) 673-9241 or e-mail jdf@madera-id.org. Thank you in advance for your cooperation.

Sincerely,

Sean M. Smith, PE
District Engineer
